EXPERIENCE

Freelance Web Developer

Hayward, Wisconsin

Solo Developer

May 2024 – Current

- Designed and developed custom websites for clients, including a tree service site, utilizing HTML, CSS, and JavaScript to create responsive and user-friendly interfaces.
- Implemented features such as contact forms, image galleries, and service descriptions, ensuring alignment with client requirements and industry best practices.
- Managed website hosting and domain configuration, including DNS setup and deployment on platforms like Netlify.
- Provided ongoing support and updates, including troubleshooting and optimizing website performance for various devices and screen sizes.

PROJECTS

Cafeteria Food Ranker

Winona, Minnesota

Solo Developer

Aug 2024 – Current

- Developed a Flutter-based mobile application to allow university students to rate and react to daily cafeteria menu items, creating a live ranking system for food preferences.
- Integrated menu data from online sources, implemented a rating scale from 1 to 10 for each dish, and displayed real-time results and a leaderboard for the top-rated items.
- Utilized Firebase for real-time database updates and implemented features such as sorting based on popularity and ratings.

Portfolio Website

Winona, Minnesota

Solo Developer

Feb 2024 – March 2024

- Created a personal portfolio website to showcase freelance web development projects and professional experience, including detailed case studies of previous work.
- Designed and deployed the website on Netlify, handling domain configuration, DNS setup, and SEO optimization to increase visibility.

ACTIVITIES AND LEADERSHIP

Men's Hockey Team

Winona, Minnesota

Saint Mary's University of Minnesota

Aug 2023 – Current

- Active member of the men's hockey team, balancing athletic commitments with academic excellence.
- Named first-team all-academic in freshman year (2023), demonstrating dedication to both sports and studies.
